LES SUPPORTS MOTEURS SASIC EN DETAIL | ENGINE MOUNTINGS OVERVIEW

Depuis plus de 50 ans les supports moteurs sont de plus en plus présents dans nos automobiles. SASIC a suivi cette évolution et vous propose une large gamme de différents supports et pièces anti-vibratoires.

For more than 50 years, engine mountings are more and more popular in cars. SASIC has followed this trend and offers you a wide range of engine and gearbox mountings, and anti-vibration parts.

- Les supports moteurs ont évolué avec la technologie automobile intégrant : soit des supports moteurs hydrauliques (huile + clapet) modifiant ainsi leur élasticité en fonction des contraintes, soit des supports moteurs avec un pilotage électronique en liaison avec le régime moteur.
- *Engine mountings have changed with the automotive technology integrating either hydraulic engine mountings (oil + valve) modifying their elasticity according to the constraints; Or engine mountings with electronic control in conjunction with the engine speed variation.*
- Ils apportent **un confort optimum**, notamment sur les moteurs diesel qui vibrent particulièrement. Ils jouent également **un rôle dans la sécurité**.
- *They provide **optimised comfort**, especially on diesel engines that heavily vibrate. They also play a role in security.*

- **3 Axes de contraintes de l'élastomère :**
Radial, Axial, Conic V.
3 distortion axis of elastomer : Radial, Axial, Conic V.

Les silentblocs : ils filtrent très efficacement les vibrations qui peuvent être néfastes aux composants mécaniques ou électroniques de l'habitacle. D'autre part, ils garantissent aux organes et éléments périphériques du bloc moteur un fonctionnement et une durée de vie maximum.

Silentblocs : They filter very efficiently vibrations that can be harmful to mechanical or electronic components. Furthermore, they guarantee that components and peripheral elements of the engine operate properly and have a maximum service life.

Quelques changements dans nos catalogues / *Somes changes in our catalogs*

Dans l'édition 2017-2018 du catalogue Caoutchouc-métal, vous trouverez uniquement les gammes suivantes :

In the 2017-2018 edition of the Rubber-metal catalog, you will find the following ranges:

- **Supports moteur / Engine mounts :** + 800 ref.,
- **Supports Boite de vitesses / Gearbox mounts :** + 270 ref.,
- **Supports d'échappement / Exhaust pipe mounts :** + 100 ref.,
- **Pièces divers / Other parts :** + 100 ref.

Les éléments de **barres stabilisatrices AV/AR**, ainsi que les éléments de **bras et triangles de suspension** ne seront plus présentés dans le catalogue Caoutchouc-métal. Ces gammes sont intégrées dans le catalogue **Train AV/AR** depuis 2015.

Ces gammes s'ajoutent à nos gammes classiques du catalogue Train AV/AR :

The front and rear stabilizer bars as well as the suspension arm and suspension elements will no longer be shown in the Rubber-metal catalogue. We included these ranges in the Front & Rear axle catalogue since 2015.

These ranges are therefore added to our usual ranges of the Front & Rear axle catalogue :

7000151

Le catalogue T.A. regroupe / the front & rear Axle catalogue includes :

- Axes de bielles + bielles / Axial joint + Rods,
 - Axes de volant/ Steering wheel shaft,
 - Vérins de direction assistée , noix de cardan de direction, cardan de direction,
- Power steering jack, u joint , universal joint,
 - Rotules de suspension & direction/ suspension ball joint & tie rod end,
 - Triangles + bras / Track control arm + arm,
 - Kits train av + ar + kits éléments d'amortisseur/ Front & rear axles kit + shock absorber parts kit,
- +
- Eléments de barres stabilisatrice AV/ AR : biellettes de barres ou paliers de barres,
- Front & rear stabilizer bar parts : bar rods or bar main bearings,
 - Eléments de bras & triangles de suspension : articulations av & ar.
- Control Arm, & track control arm parts : front & rear bushes.

Pour rappel, nous disposons d'un catalogue dédié regroupant les gammes suivantes :

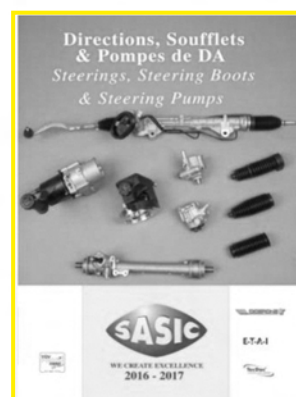

- Directions mécaniques et assistées
- Soufflets,
- Pompes de direction assistées.

Vous pouvez retrouver ces gammes dans notre catalogue : **DIRECTIONS 2016 – 2017**

As a reminder, we have a dedicated catalogue including the following ranges:

- Steerings,
- Steering Boots,
- Power steering pumps.

You can find these ranges in our catalog: **STEERINGS 2016 - 2017**

The screenshot shows the SASIC website homepage. At the top left is the SASIC logo. The main header text reads: "Sasic développe, fabrique et distribue des pièces détachées automobiles depuis 80 ans." Below this is a navigation menu with items: "Sasic en bref", "Véhicule léger", "Poids Lourds", "Technique industrielle", "Catalogues", and "Recrutement". On the left side, there is a "Catalogue électronique" button with a shopping cart icon, and a section titled "SASIC présente sur:" featuring logos for "TecDoc", "E-T-A-I", and "CICERONE". On the right side, there is a "Qualité Profondeur de gammes Fabricant" badge. The main content area includes an "Editorial" section with text about SASIC's history and a "Actualités" section with two articles: "Plaquettes de frein Edition 2016" and "Etriers de frein 2016".

SASIC à l'international - Conditions générales de vente

SASIC - general terms of sales

1/ GÉNÉRALITÉS :

Toute remise de commande ou passation de marché avec notre Société comporte acceptation implicite par l'acheteur, des conditions ci-dessous.

La réception de notre accusé de commande sans réserve écrite immédiate, vaut donc acceptation de ces conditions. Il ne pourra y être dérogé que par mention écrite figurant sur nos offres ou accusés de réception de commandes.

2/ PRIX ET CONDITIONS DE LIVRAISON :

Les prix de notre Tarif Général, de nos tarifs particuliers, ou ceux donnés à nos clients par nos représentants, n'ont qu'une valeur indicative. Ils peuvent être modifiés sans préavis et ne nous lient pas à terme. Sauf spécification formelle, la validité de nos offres ne dépasse pas 30 jours.

Dans tous les cas le contrat de vente ne devient effectif qu'après acceptation écrite de la commande par notre Service Export, le prix facturé normalement étant celui en vigueur à la date de mise à disposition. Sauf conditions particulières écrites, nos prix unitaires calculés en Euros s'entendent " Départ usine - PUTANGES - Orne". Ils n'incluent pas l'emballage et le transport qui sont calculés en sus. La livraison est réputée, effectuée dans notre usine et les conditions de vente telles que Franco Transitaire F.O.B. ou C.A.F ne sont considérées que comme des concessions de prix sans déplacement de responsabilité ; nos prix à l'Export sont nets hors taxes.

Les marchandises voyagent donc aux risques et périls de l'acheteur auquel il appartient de prendre toutes dispositions auprès des transitaires, transporteurs, assureurs, etc... pour protéger ses intérêts. A cet égard, l'acheteur est réputé assurer les marchandises dans tous les cas de vente non C.A.F., contre les risques de vol, perte, avarie ou destruction. En cas de dommages survenus au cours du transport, la responsabilité du fournisseur ne sera pas engagée.

SASIC pourra cependant aider l'acheteur à sauvegarder ses intérêts, dans la mesure où toutes les dispositions nécessaires auront effectivement été prises par l'acheteur lui-même.

3/ DÉLAIS DE LIVRAISON :

Ils sont donnés à titre indicatif et sans engagement. Un retard de livraison quelle qu'en soit la raison ne peut justifier l'annulation ou la suspension d'une commande par l'acheteur. Il ne pourra en aucun cas donner lieu à des pénalités ou à des indemnités. Cela vaut également pour les livraisons partielles.

Le respect des délais dépend aussi de la stricte observation des conditions de paiement.

A défaut d'obtention de garanties suffisantes, une commande pourra être refusée et un marché même préalablement accepté, pourra être suspendu ou annulé sans indemnité.

4/ CONDITIONS DE PAIEMENT, INTÉRÊTS DE RETARD :

Sauf conditions particulières écrites, le paiement s'effectue en nos bureaux, comptant à réception de facture et sans escompte. Dans le cas du non respect par l'acheteur des échéances convenues tout retard dans le paiement entraîne de plein droit, le jour suivant la date de règlement figurant sur la facture, l'exigibilité d'intérêts de retard à un taux égal à trois fois le taux d'intérêt légal conformément à l'article L.441-6 du Code de commerce, ainsi qu'une indemnité forfaitaire pour frais de recouvrement d'un montant de 40 Euros suivant l'article D.441-5 du Code de commerce. La totalité de la dette non échu deviendrait de plein droit immédiatement exigible avec possibilité pour SASIC de suspendre ou annuler les commandes en cours.

Les taux ci-dessus seront réajustés automatiquement selon l'évolution du taux de l'intérêt légal et des taux du marché monétaire en France.

5/ RÉSERVE DE PROPRIÉTÉ DES MARCHANDISES :

Application des lois 80-335 du 12 Mai 1980 et 85-98 du 25 Janvier 1985.

Les marchandises facturées par SASIC demeurent sa propriété jusqu'au paiement intégral du prix convenu et de ses accessoires. Jusqu'à cette date, les marchandises seront considérées comme étant en dépôt chez l'acheteur qui en assumera la responsabilité depuis la sortie de notre Usine ou de nos Dépôts. En cas de non paiement à l'échéance contractuelle, elles devront être restituées sans formalité, dès la première demande de SASIC, qui se prévaut des dispositions prévues par la loi en cas de redressement et de liquidation judiciaire de l'acheteur.

6/ RÉCLAMATIONS - GARANTIE :

SASIC fabrique et distribue des pièces détachées adaptables aux véhicules automobiles. Si malgré les soins apportés à la fabrication comme à la sélection de nos fournisseurs, il était reconnu que nos fournitures comportaient un défaut de matière ou de fabrication, SASIC ne serait tenue qu'à la réparation gratuite par ses soins, ou à son choix, au remplacement des pièces défectueuses. Dans le cas où la réparation ou le remplacement s'avèrerait impossible pour quelque raison que ce soit, SASIC ne serait tenue qu'au seul remboursement de la valeur des pièces défectueuses facturées sans prise en compte de frais supplémentaires ni indemnité d'aucune sorte. Cela s'applique également en cas de livraison non conforme.

Dans tous les cas, la garantie ne peut être mise en oeuvre qu'après réclamation écrite, adressée au plus tard 60 jours après la facturation des marchandises et après examen par nous-mêmes suivi de notre accord sur le bien fondé de la réclamation. Aucune réclamation ne sera acceptée en cas de montage incorrect, de réparation locale ou de rénovation de nos pièces.

La garantie ne couvre que les produits vendus sous la marque SASIC et figurant dans nos documentations.

Nous déclinons toute responsabilité en cas d'erreur de références ou de désignation par l'acheteur et nous n'acceptons pas, dans de tels cas, le retour des pièces.

Lorsqu'après accord du Service Export SASIC et en l'absence de faute du fournisseur, un retour de pièces est accepté, tous les frais de retour et de déballage sont à la charge de l'acheteur.

7/ MINIMUM DE COMMANDE - FRAIS ADMINISTRATIFS :

Nous n'acceptons pas les commandes inférieures à 1000 Euros.

Pour les expéditions par Colis Postaux, les prix habituels sont majorés de 10 %.

Pour toute facturation n'atteignant pas un montant Départ Usine de 1000 Euros, des frais forfaitaires de 100 Euros s'ajouteront au montant des marchandises.

Ces frais atteindront 7 % du montant des marchandises pour les expéditions d'une valeur de 1 000 à 2 000 Euros.

8/ ATTRIBUTION DE JURIDICTION :

Pour tous litiges y compris en cas d'appel en garantie ou de pluralité de défendeurs, les Tribunaux du siège de la Société SASIC seront seuls compétents et la Loi Française s'appliquera.

1/ Application :

The following general terms of sales will be deemed to be accepted for any order placed with us, in absence of immediate partial or total written refusal of these terms. No change in these terms will be valid without our written acceptance.

2/ Prices and delivery terms :

Prices of our General Export price list or of our special price lists, or those given by our representatives or agents, have only guidance value. They do not bind us. They can be modified without notice.

Except in the case of different written indications, our offers are not valid after 30 days.

In any case sales contracts will not be valid before the written acceptance by our Export Department, of our customers orders. We normally charge prices which are in force the day of the delivery. Under normal conditions, our unit prices are net exworks -Putanges Orne- they are calculated in Euros and do not include packing and inland or sea freight which have to be added. They are "before tax". The delivery is deemed to be effected in our factory and any delivery term such as free carrier, Fob or even CIF should be considered only as facilities granted to customers without any consequence on the customer's responsibility on the goods. Our goods travel under the responsibility and at the risk of our customers. They should take any necessary step near forwarding agents, carriers, insurance companies etc... to protect their interests.

Should goods be damaged between our factory and the customers warehouse, our responsibility would not be involved. We might however assist our customers to protect their interests in as much as any necessary step has actually been taken by our customers themselves. In this respect the customer is deemed to insure the goods when sales terms are not CIF, against all risks of pilferage, fire, damage by water, destruction etc...

3/ Delivery time :

It is only given for information purpose and does not bind us. A late delivery can not justify a cancellation of the order by the purchaser. It will in no case justify any request for indemnity. This also applies to partial deliveries.

Failure by the customer to fulfill his financial commitments will involve postponed deliveries. In the event of inadequate financial guarantees, SASIC will be entitled to refuse orders or even to postpone or to cancel orders or contracts already accepted, without any indemnity for the purchaser.

4/ Payments :

Except in the case of special written terms, they will be effected cash, without any cash discount, in our offices immediately upon receipt of our invoices. Should the buyer do not respect the agreed expiry date, any late payment automatically generates in full's right, the day following the date of payment mentioned on the invoice, the payability of interests calculated at a legal rate of three times the legal rate as defined in article L 441- 6 of the French Code of Commerce as well as a fixed fee of 40 Euros for covering up cost following art. D 441-5 of the French Code of Commerce., and SASIC could require the payment of the whole customer's debt even if not yet due for payment. SASIC could also postpone or cancel any order in course.

Above rates will automatically be adjusted every year, taking into consideration variations of the legal rates and of the French Monetary Market.

5/ Ownership of the goods: (french laws 80-335 of 12-05-80 and 85-98 of 25-01-85)

SASIC remains the owner of goods invoiced, as long as they have not been entirely paid by the purchaser.

Until then, goods are deemed to be entrusted to the purchaser who becomes responsible, as soon as they leave our factory or our bonds. Should the payment not be effected on due date, goods will be restituted at SASIC's first request without any formality. SASIC will also use legal procedures and privileges granted by the French law to suppliers in case of legal supervision or compulsory liquidation by the court, of our customers.

6/ Claims guarantee :

SASIC manufactures and distributes replacement parts for cars. The greatest cares are given to the manufacturing process or to the selection of top level suppliers. In case however of a latent or obvious defect, raw material or machining... SASIC's responsibility would be limited to the free repair or if we choose, to the free replacement of defective parts, only. Should, for any reason, repair or replacement be impossible SASIC responsibility would be limited to the reimbursement of goods invoiced, and we would not take into account any extra charges or indemnity. This also applies to wrong deliveries. In any case no guarantee will be applicable without a written claim sent to SASIC within 60 days following the issue of SASIC invoices, and before SASIC acceptance of the claim being fully justified. It is limited to actual genuine SASIC goods, packed in our SASIC boxes or bags and mentioned in our catalogues. No claim will be accepted in case of wrong fitting, local repair or rebuilding of our parts. We refuse any responsibility in case of wrong references or description used by the purchaser and we shall not accept in these cases the return of the goods or their reimbursement. If, in absence of mistake by SASIC, and after approval by our Export Department a return of goods was effected, any corresponding charges : freight - unpacking etc... would be borne by the purchaser.

7/ Minimum value - administrative cost :

We do not accept orders the value of which would not reach 1000 Euros.

In case of deliveries by parcel post, usual prices will be increased by 10 %.

For any delivery under 1000 Euros ex works, a lump amount of 100 Euros, will be added to the value of the goods.

This amount will reach 7 % of the value of the goods for deliveries between 1 000 à 2 000 Euros.

8/ Jurisdiction :

In the event of claims of any kind, including guarantee claims or in case of claims involving several defendants, only the courts of our head office will be competent, and the French law will apply.
